Explanations	

TT Ventures Proje Geliştirme A.Ş. (a corporate venture company which is 100% owned by Türk Telekom) and İstanbul Portföy Yönetimi A.Ş. had agreed to establish a Venture Capital Investment Fund (VCIF) in order to invest in new generation innovative technology start-ups that have global growth potential and present synergies with our Group's strategic focus areas. As such, the application made by İstanbul Portföy Yönetimi A.Ş regarding the establishment of "İstanbul Portföy Yönetimi A.Ş, TT Ventures Venture Capital Investment Fund" has been approved by the CMB.

We aim to attract domestic and foreign investors' participation in the fund, where Türk Telekom Group will be one of the main investors. The fund will invest in technology-driven initiatives with high global growth potential in newly developing areas and help these companies achieve their growth targets together with our Group's support and strategic synergy impacts. With our investments in new ventures, we aim to generate strategic and financial benefits for the fund's investors through long-term value creation.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
