In line with our company's quest to move the production of concentrated products to a different location in order to increase the efficiency of the production processes of the existing production facility located in Mersin free zone, our request to establish a production facility for ceramic adhesives and joint fillers, thermal insulation, sheathing, water insulation and concrete additive chemicals, was found appropriate by the Mersin Tarsus Organized Industrial Zone management and a preliminary allocation of a parcel of approximately 25,172 m<sup>2</sup> was realized. Regarding the land allocation, a payment of 88,103,190 TL was made on 16 November 2023.
