Explanations	

On November 30, 2023, S&P Global Ratings (S&P) affirmed its unsolicited local and foreign currency sovereign credit ratings on Türkiye and revised its transfer and convertibility (T &C) assessment to 'B+' from "B", and revised its outlook from "Stable" to "Positive". S&P's rating on Türk Telekom is capped by its sovereign rating on Türkiye. Accordingly, the agency has affirmed our Company's credit rating as "B", and revised the outlook from "Stable" to "Positive". S&P has also affirmed Turk Telekom's Standalone Credit Profile (SACP) at "bbb".

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
