We signed a contract with a customer of which the subject is to develop the project, construct solar power plant and commission with amount of USD 11.715.000+VAT

Our company has focused turn-key services on renewable power production since supply-and-demand balance in energy sector has been affected negatively at global perspective.

We continue to present innovative and value added solutions to our customers by adding project development scope besides engineering, procurement and construction services

Project development&turn-key installation services includes grid capacity approval, preparing and obtaining environmental impact report, buy-or-rent suitable land, building permission and licences, engineering, procurement, turn-key delivery services.

In case of a discrepancy between the Turkish and the English versions of this disclosure statement, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
