Explanations	

We signed a new contract with contract value of USD 66.000.000+VAT whose subject is turn key construction of solar power plant including project development phase with Yazıcı Demir Çelik, Türkiye's leading steel producer, under scope of article 5.1.h. Of Regulation on License Free Electricity Generation.

The services to be provided under the scope of contract are; purchase of the land and obtaining the usage right on which the Solar PV will be constructed, obtaining grid connection approval, getting the environmental impact report, getting the construction permit and license, construct of Solar PV plant, high voltage substation and transmission line.

We will continue to create value add to zero-carbon targets of our customers with new projects which is part of decarbonization strategies of steel producers under the European Union's net-zero policies

We continue to supply high value added turn-key solutions of not only engineering, procurement, const but also project development fitting the long term targets of our customers.

In the event of any discrepancy between the Turkish and English versions of this disclosure statement, the original Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
