Explanations	

An agreement has been reached with Engineering Consultancy Company and Distribution Network Electricity Company for the sale of our 66 MW power plant in Madagascar, which has been in operation since 2017, and the share transfers have been completed.

This transaction has been carried out as part of Aksa Enerji's 2030 Global Strategy to optimize our investments and to provide focus on renewable energy investment opportunities on a global scale, including Turkey, in line with our sustainable high growth objective. We believe that this step will create value for our stakeholders.

Kind regards,

Note: In case of discrepancy between Turkish and English versions, Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
