Explanations	

As the Pioneer of the Turkish Industry, we have broken a new record by performing 72 casting per day via our 120- ton Converters at our Company's Steel Mill.

In line with KARDEMİR's vision and mission this success , as an indication of our determination to achieve our future goals, is the most concrete indicator that we are advancing to 3 million tons of liquid steel production level without any additional investment.

Kardemir, which provides added value to the Iron and Steel Industry, is taking firm steps forward by adopting sectoral independence and Türkiye Century Policies.

This statement has been translated into English for informational purposes. In case of a discrepancy between the Turkish and the English versions of this disclosure statement, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
