Explanations	

At the latest point regarding our new factory investment, the process of applying for a certificate of occupancy, obtaining the certificate of occupancy and completing the legal permits before product sales continues.

In our previous statement, it was announced that the delivery of the factory site from the authorized contracting company was planned to be received by October 15, 2024. At the latest point, the factory site has been received from the authorized contracting company and it is aimed to complete the necessary legal permission processes before mass production in November.

We will continue to inform the public regularly in order to keep you informed about the developments. Our current Personal Data Protection and Processing Policy is attached.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
