Explanations	

It was announced to the public with the information we made on 11.10.2024 that the processes of applying for a certificate of occupancy, obtaining the certificate of occupancy and completing the legal permissions before the sale of the products regarding our new factory investment were ongoing.

At the latest point, with the letter dated 18.10.2024 and numbered 2024/12 of the Aegean Free Zone Directorate dated 18.10.2024, the temporary certificate of occupancy for the new factory building has been approved, the temporary certificate of occupancy is planned to be converted into a final license within two months and it is aimed to complete the necessary legal permission processes before mass production in November.

We will continue to inform the public on a regular basis to keep you informed of developments.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
