Explanations	

As previously announced to the public, within the scope of our investments in the local production of tractor cabs, following the commissioning of the cab assembly line at Erenler Plant, our Company has decided to establish a new 8,000 m<sup>2</sup> welding shop, cataphoresis and paint shop facility with an investment of approximately EUR 29 million by the end of the first quarter of 2025. With the commissioning of this facility, it is planned that tractor cab frames will be produced at Erenler Plant and thus, welding operations will be included in our Company's production processes for the first time.
