Explanations	

Our company has been awarded the IATF 16949:2016 certification, which is an international quality management system standard for the automotive industry.

With this certification, the compliance of our production processes with the high-quality standards of the automotive sector, our customer-focused quality approach, production discipline, and adequate production capacity have been officially documented.

This development is expected to contribute to our Company's efforts to enhance global collaborations in the automotive industry, strengthen export activities, and increase competitiveness in international markets.

We hereby inform the public of this information.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
