Explanations	

As part of our sustainability strategy, in order to support our country's clean energy production, reduce our carbon footprint, lower our energy costs and increase our efficiency, we have signed a contract with Arkensius Energy Manufacturing Engineering Consulting Technology Construction Industry and Trade Limited Company to install a Solar Power Plant (SPP) to meet a portion of our electricity needs.

The Solar Power Plant (SPP) which will have an installed capacity of 7 megawatts peaks (MWp) is to be installed on a land owned by our Company in Çankırı, based on a Call Letter issued on behalf of our Company on this land.

Developments regarding the process that need to be disclosed to the public within the framework of the Capital Markets Legislation will be shared with our investors through the Public Disclosure Platform (KAP).

This statement has been translated into English for informational purposes. In case of a discrepancy between the Turkish and the English versions of this disclosure statement, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
