Ref: Our Public Disclosures dated 13.04.2023 and 12.05.2023

As part of the growth objectives set out in our Strategic Plan, which aims to generate significant value for all stakeholders, our Board of Directors decided to purchase a total of 75 aircraft from Boeing, consisting of 50 firm and 25 option orders for B787-9 and B-787-10 models with deliveries scheduled between 2029 and 2034. Negotiations with Rolls-Royce and GE Aerospace regarding the procurement of engines, spare engines, and engine maintenance services for these aircraft are ongoing.

Additionally, negotiations with Boeing regarding the purchase of a total of 150 aircraft, consisting of 100 firm and 50 option orders for the 737-8/10 MAX models, have been completed. Subject to the successful conclusion of ongoing discussions with engine manufacturer CFM International, orders for the 737-8/10 MAX aircraft will also be placed.

With these orders, our entire fleet is targeted to consist of new-generation aircraft by 2035, thereby strengthening operational efficiency and supporting an average annual growth rate of around 6%.

Respectfully announced to the public.
