In line with our localization and growth strategy, strengthening our presence in high-potential markets, Anadolu Efes has signed a toll-filling agreement for the local production of our key beer brands in Tashkent, Uzbekistan.

Prior to the commencement of production, the necessary technical preparations will be completed at the partner's brewery to ensure that all manufacturing processes fully comply with Anadolu Efes' production standards. Through our newly established company Efes Tashkent FE LLC ("Efes Tashkent"), which is a wholly owned subsidiary of Efes Breweries International B.V., the production, sales and distribution of locally produced Anadolu Efes brands across Uzbekistan will be carried out.

The contribution of transition to our total beer volumes is expected to remain limited in 2026, as commercial operations are planned to commence once technical preparations are completed, which is anticipated to be within 2Q2026.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
