Explanations	

Our company has signed a framework agreement with a leading technology and defence organisation in a friendly and allied country.

Under this framework agreement, 100,000 units of the MERKÜT FPV Kamikaze UAV system, 10 ALPİN unmanned helicopters, 25 DUMRUL mini unmanned helicopters, 500 DELİ Tactical Kamikaze units, and 500 KORGAN autonomous ground support and observation units will be added to the inventory of the friendly and allied country.

Our Company, which develops end-to-end solutions in collaboration with its affiliated companies—spanning from defence industry technologies to information technologies—will strengthen its presence in international markets by making its first export in the defence sector under this framework agreement.

Developments regarding the processes of this agreement will continue to be shared with our investors.

We hereby bring this to the attention of our investors and the public.
