Explanations	

A license agreement for a period of two (2) years has been signed between our Company and a company operating in the United States of America for the manufacture of solar panels under the "CW Enerji" brand owned by our Company, in accordance with our Company's supervision, oversight, and quality control criteria.

Within the scope of this agreement, it is envisaged that approximately 100 MW of solar panels will be produced annually and that the products manufactured will be used in the United States of America and Canada. The Licensee shall pay our Company a license fee on a quarterly basis at varying rates depending on the actual production volume realized under the license agreement and under the CW Enerji brand.

Through this collaboration, it is aimed to increase the recognition of our brand in international markets, expand its areas of use, and support the development of commercial activities in new markets.

Respectfully announced to the public.

In case of a discrepancy between the Turkish and English versions of this public disclosure statement, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
