Explanations	

As a result of productivity enhancement initiatives and process improvement efforts carried out at our production facility in Bursa, particularly following the implementation of new technology and optimization activities in the paint shop, our Company's annual vehicle production capacity has increased by 50,000 units, reaching 500,000 units. In accordance with the relevant legislation, the application process for the renewal of our Company's capacity report has been initiated today before the competent authorities.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
