Explanations	

Our Company has signed a contract with Türksat Satellite Communication Cable TV and Operations Inc. ("Türksat") for the provision of services and hardware under Türksat's Internet Router Systems project.

Under the contract, our Company will provide the services and hardware required for the project. The total contract value amounts to USD 1,850,000, excluding VAT (equivalent to TRY 87,518,875 based on the Central Bank of the Republic of Türkiye's USD buying exchange rate as of 30 July 2026).

The project aims to increase the capacity of Türksat's existing internet backbone network, enable more efficient management of increasing IP traffic, support the provision of uninterrupted, high-bandwidth and secure internet services to subscribers, and deliver solutions addressing the obligations required under the applicable legislation.

The deliveries and services under the contract are planned to be completed in accordance with the project schedule and acceptance procedures set out in the project plan. The contract is expected to make a positive contribution to our Company's revenues and operations. Furthermore, the successful completion of the project is expected to further strengthen our Company's experience and references in projects of a similar nature.

Sincerely,
