Explanations	

The activities carried out under the joint venture project for the establishment of an integrated wafer and solar cell manufacturing facility in Türkiye, which was announced to the public through our material event disclosure dated 14 November 2025 regarding our collaboration with Astronergy Europe GmbH, headquartered in Germany, are progressing in line with the planned schedule.

As of the date of this announcement, approximately 90% of the construction works at the manufacturing facility under development in the Balıkesir Organized Industrial Zone have been completed.

The project is expected to continue in accordance with the current implementation schedule, and the manufacturing facility is planned to be completed and commence production in the first quarter of 2027.

Our Company will continue to disclose any material developments regarding the investment to the public and our investors in accordance with the provisions of the Communiqué on Material Events (II-15.1) of the Capital Markets Board of Türkiye.

Respectfully announced to the public.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
