Explanations	

Aksa Renewable Energy, a wholly owned subsidiary of Aksa Energy, has signed a turbine supply agreement with Goldwind International Renewable Energy Limited and Goldwind Turkey Energy Inc. ("Goldwind") for a 82.16 MWe/88MWm Manisa Wind Power Plant with 90.5749 MWh storage capacity.

As per above mentioned agreement, Goldwind will supply and install all the wind turbines to be used in the Manisa Wind Power Plant with Storage. Initial wind turbines of Manisa Wind Power Plant with Storage Project are planned to be commissioned in May 2027.

At Aksa Enerji, in line with our "Sustainable High Growth" strategy, we prioritize energy source diversification in our generation portfolio and continue to invest in renewable energy technologies to achieve our 2030 targets.

Kind regards,

Note: In case of discrepancy between Turkish and English versions, Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
