Explanations	

Our subsidiary, Ral Enerji A.Ş., is developing the Efkaftepe Wind Power Plant (WPP) project, planned to be constructed in the Örtülü and Köseler Neighborhoods of Kınık District, İzmir Province (WPP Installed Capacity: 24 MWm / 24 MWe, Electricity Storage Facility (ESF) Installed Capacity: 24 MWh, 4 turbines). The Project Introduction File submitted to the İzmir Governorship in relation to the project has been reviewed pursuant to Article 17 of the Environmental Impact Assessment Regulation, and an "EIA Positive" decision has been issued for the project.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
