Explanations	

The Environmental Impact Assessment (EIA) process, which was previously disclosed to the public, regarding the Efkaştepe Wind Power Plant project planned to be developed by Ral Enerji A.Ş., in which our Company holds a 49% stake, in the Örtülü and Köşeler Neighborhoods of Kınık District, İzmir Province, comprising an installed capacity of 24 MWm/24 MWe, an electricity storage facility with a capacity of 24 MWh and four wind turbines, has been concluded positively.

Following the review and assessment conducted pursuant to Article 17 of the Environmental Impact Assessment Regulation, an "EIA Positive (Within the Scope of Annex-2)" decision has been issued for the project by the Governorship of İzmir.

Respectfully announced to the public.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
