Explanations	

In line with our Company's sustainable growth principles, a Memorandum of Understanding (MOU) has been signed between our Company and Uber B.V. Under the memorandum of understanding, the parties intend to establish a strategic partnership aimed at contributing to the electric vehicle ecosystem in Turkey, accelerating the modernization of the taxi ecosystem—specifically within the taxi sector—and facilitating the transition to electric vehicles.

In line with our Company's commitment to green transportation and a sustainable future, the initiative seeks to combine Uber's global technology infrastructure with the local operational expertise of our Company and BinBin. The objectives include reducing operating costs in green transportation, facilitating the shift to electric vehicles, and supporting the long-term potential of drivers.

This strategic move is expected to reinforce our Company's green transportation vision while contributing to the reduction of carbon emissions and the creation of cleaner cities.
