Explanations	

In response to requests for information from the public and our investors regarding the current situation at Borsa İstanbul A.Ş., we deem it necessary to issue the following statement.

First and foremost, we wish to state that there are no adverse developments in our Company's operations, and our activities are proceeding as planned. It is assessed that the decline in our Company's share price is unrelated to our operations; rather, the price movements in question stem from market conditions, fund liquidation processes, the short-term selling preferences of our investors, and general market uncertainty.

We want to assure everyone that our Company's Board of Directors and relevant departments will exert the utmost effort to ensure that our valued investors and stakeholders are not adversely affected by this situation. As in the past, our Company will continue to stand by the investors who trust, believe in, and add value to our Company.

This statement has been translated into English for informational purposes. In case of a discrepancy between the Turkish and the English versions of this disclosure statement, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
