Explanations	

The "Supply and Installation of ÇGKS and KGYS Systems in Eskişehir City Centre and Districts" project, undertaken under the contract signed with the Investment Monitoring Directorate of the Eskişehir Investment Monitoring and Coordination Presidency and announced by our Company on the Public Disclosure Platform (KAP) on 24 June 2026, has been successfully completed, and all contractual deliveries have been made.

The project encompassed the installation of technological infrastructure for urban security in Eskişehir city centre and its districts, enhancements to the security infrastructure of police facilities, on-site implementation and system integration works, all of which have been completed.

The full project amount of TRY 13,621,371.60, including VAT, has been invoiced.

The project has strengthened our Company's track record in Smart City and Security Technologies, adding a new reference project demonstrating our capabilities in end-to-end technology solutions, system integration and on-site implementation for the critical security infrastructure of public institutions.

Our Company continues its efforts to meet the digital transformation, smart city and security technology needs of the public and private sectors through its technological expertise and system integration capabilities.

Respectfully submitted for the information of the public and our investors.

This Material Event Disclosure has been prepared in Turkish and English, and in case of any discrepancy between the two texts, the Turkish version shall prevail.
