Explanations	

In our material event disclosure dated **07.08.2026**, it was announced that a lawsuit had been filed by *Y* Ö** seeking the deregistration of our Company's trade name, and that the Court had **rejected the plaintiff's request for an injunction ex officio** through its preliminary proceedings, even before receiving our Company's response or objection to the injunction request.

In the subsequent disclosure dated **22.08.2026**, it was stated that *Y* Ö** had **appealed** the first instance court's interim decision rejecting the injunction request before the **Kayseri Regional Court of Appeal**.

On **31.08.2026**, our Company submitted its **response and counterstatement** to the Court of Appeal, asserting that the interim decision was wellfounded and that the appeal lodged by *Y* Ö** was **unfounded, unlawful, baseless, malicious, and abstract**, and therefore should be dismissed.

The **5th Civil Chamber of the Kayseri Regional Court of Appeal** has rendered its decision, confirming that the conditions required for granting an injunction were **not met**, as the plaintiff failed to establish even the preliminary evidence regarding the alleged use of the "Meysu" trademark in our Company's trade name. Accordingly, the interim decision has been **definitively upheld in favor of our Company**.

Respectfully announced to the public.

This material event disclosure has been prepared in both **Turkish and English**. In case of any discrepancy or inconsistency between the two texts, the **Turkish version shall prevail**.
