Explanations	

In the Material Event Disclosure made by our Company on October 13, 2026, it was announced that, following its review, the 1st Tax Litigation Chamber of the İzmir Regional Administrative Court had found the decision of the İzmir 4th Tax Court dated February 20, 2026, and numbered E:2025/729, K:2026/228, to be lawful in terms of both procedure and substance, and had dismissed the defendant administration's appeal. Accordingly, the first-instance court's decision to annul the Corporate Income Tax assessment, including tax loss penalties increased pursuant to the recidivism provisions , was upheld at the appellate stage.

At this stage, the defendant administration has filed an appeal on points of law before the Council of State against the decision of the 1st Tax Litigation Chamber of the İzmir Regional Administrative Court, requesting that the first-instance court's decision be overturned and the case be dismissed.

Developments regarding the matter will be disclosed to our investors in accordance with the applicable regulations on the public disclosure of material events.

The English translation of this disclosure has been made public simultaneously; in the event of any discrepancy between the disclosure texts, the Turkish version shall prevail.
