Explanations	

The change that previously occurred in our company's controlling ownership structure was announced to the public in our special situation announcement dated June 2, 2026.

The total value, excluding VAT, of shipments made to a total of 39 new customers located both domestically and abroad during 2026, along with the outstanding orders received from these customers, exceeded 10% of our Company's net sales revenue for 2025, calculated without applying inflation accounting.

In line with its sustainable growth objectives, our Company is resolutely continuing its efforts—under the leadership of our Board of Directors—to develop its production and sales activities, enhance its presence in domestic and international markets, and expand its customer portfolio.

This is respectfully announced to the public and our shareholders.
