Explanations	

With regard to the production activities of our company's subsidiaries, and in order to facilitate access to up_to_date information for our investors and all stakeholders in accordance with the principle of transparency, the attached document contains net electricity production data subject to settlement for the January_September 2026 period, along with comparative production data for the same periods in 2024 and 2025.

The electricity generation data is also available via the EPIAŞ Transparency Platform.

We hereby bring this to the public's attention.

The English translation of this disclosure is being made simultaneously, and in the event of any discrepancies between the text of the disclosures, the Turkish text shall prevail.

Best regards,

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
