Announcement Content	
Explanations	

As previously disclosed to our investors in our material event disclosure dated 12 October 2026, an agreement had been reached for the transportation of grain from Kazakhstan to Türkiye, as part of the Company's ongoing efforts to develop its international logistics operations and increase transportation volumes within the scope of the Middle Corridor and the Baku–Tbilisi–Kars (BTK) Railway Line.

In addition to the aforementioned cooperation, our Company has reached an agreement with one of Azerbaijan's leading companies, which has extensive experience in the pulses trading and logistics sector, to initially transport 5,000 tonnes of pulses (chickpeas). Operational processes relating to the transportation have commenced.

This agreement is significant in terms of expanding the scope of the Company's logistics operations, which have primarily been conducted through container transportation to date, to include conventional rail freight transportation using specialized wagons designed for the transportation of grain and pulses.

These developments are expected to contribute to the advancement of conventional freight transportation along the BTK Railway Line and the Middle Corridor, the expansion of the Company's operational scope in international railway logistics, and an increase in transportation volumes.

We hereby submit this information to the public and our investors.
This statement has been translated into English for informational purposes. In case of a discrepancy between the Turkish and the English versions of this disclosure statement, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
