Explanations	

As per our announcement dated July 6, 2026, the installation of the weaving looms—expected to increase the production capacity of our weaving facility by 8.8% while reducing energy consumption, technical waste, and unit costs—has been completed, and the equipment has been commissioned.

Additionally, the Ring/Lycra/Traveling Cleaner machinery has arrived at our spinning facility, and the installation process has commenced.

Respectfully announced to the public.

(In case of any discrepancy between this announcement and its English translation, the Turkish announcement shall prevail.)

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
