Pursuant to Article 29(5) of the Capital Markets Board's Communiqué on Shares (No. VII-128.1), the "Report on the Realization and Evaluation of Assumptions Used in Determining the Public Offering Price," prepared by the Audit Committee to assess whether the assumptions underlying the determination of our Company's public offering price had been realized as of September 30, 2026, is attached hereto and made available to the public.

The report compares the financial forecasts for 2026 set out in the Price Determination Report used to determine the public offering price with the actual financial results as of September 30, 2026, and provides an assessment of any significant deviations from those forecasts.

Respectfully announced to the public and our investors.
