Precautions Took Into Consideration By Company Management	-
Conditions Required For Going Into Operation Again	Ensuring regular, uninterrupted, and sustainable electricity supply in the country
Expected Date To Begin Operations	-
Effects On Continuity Assumption Of Company	No effect is expected.
Explanations	

By the resolution of our Company's Board of Directors dated November 17, 2026, it has been decided to cease production activities at the Kirkuk-based manufacturing facility of Al-Sadaf Porcelain and Ceramic Tile Production Ltd. Co.—a subsidiary included in our consolidation, in which our Company holds a 49% equity stake. This decision follows the failure

of local Iraqi authorities to fulfill their obligation to provide a regular, uninterrupted, and sustainable electricity supply across the country; it also takes into account the persistent, unforeseen disruptions to our production processes, the resulting losses, and the operational inefficiencies caused by these chronic infrastructure and supply issues.

In our most recently disclosed annual financial statements, sales in the Iraqi market accounted for 1.8% of our total consolidated sales; therefore, this decision regarding production activities does not have a material impact on our Company's sales. Our Company will continue sales and marketing operations in the Iraqi market using manufactured products in Turkiye and outsourced products.

Until the restructuring of sales and marketing activities under current conditions, including the suspension of production activities, is evaluated, the disclosure of information has been postponed by our Board of Directors' decision dated 23.10.2026 to avoid affecting our competitiveness and not misleading investors.

The English translation of this disclosure is provided for informational purposes. In the event of any discrepancy between the Turkish and English versions, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
