Traffic

- **Geopolitical instability continued to weigh negatively on pax flows and booking patterns in Q2.** Foreign visitor arrivals in Türkiye declined 3% YoY, while Türkiye's int'l and total air pax traffic fell 5% and 3% YoY, respectively, in 2Q26.
- Int'l operations of **Pegasus** were impacted by the disruptions in the M.East: **int'l ASK fell by 9% YoY**, int'l pax dropped 11% YoY. April was particularly challenging, but booking trends improved progressively toward the end of Q2. Capacity originally allocated to the M.East was largely redeployed to the domestic market, driving a **29% YoY increase in domestic ASK** and 16% YoY growth in domestic pax.

Financial Performance

- **Revenues declined by 1% YoY in 2Q26.** Pricing actions were implemented in Q2 to offset higher fuel costs. Int'l pax yield increased 2% YoY in 2Q26, reversing the 10% decline recorded in Q1. Similarly, **total RASK rose 2% YoY in 2Q26, following a 5% contraction in the previous quarter.**
- Jet fuel prices rose around 90% YoY in 2Q26. Supported by the strong hedge position, Pegasus limited the increase in fuel CASK to 63% YoY. **Total CASK increased by 28%, CASK non-fuel rose by 13% YoY in 2Q26.**
- **EBITDA** came in at EUR80mn in 2Q26 vs. EUR254mn recorded in 2Q25.
- The **bottom-line** resulted in a net loss of EUR92mn in 2Q26 vs. EUR122mn profit in 2Q25. The deterioration was primarily driven by EUR125mn higher fuel expense and the EUR10mn net fx loss recorded compared with EUR45mn net fx gains a year ago.

OPERATING ENVIRONMENT

Visitors arriving in Türkiye (mn)

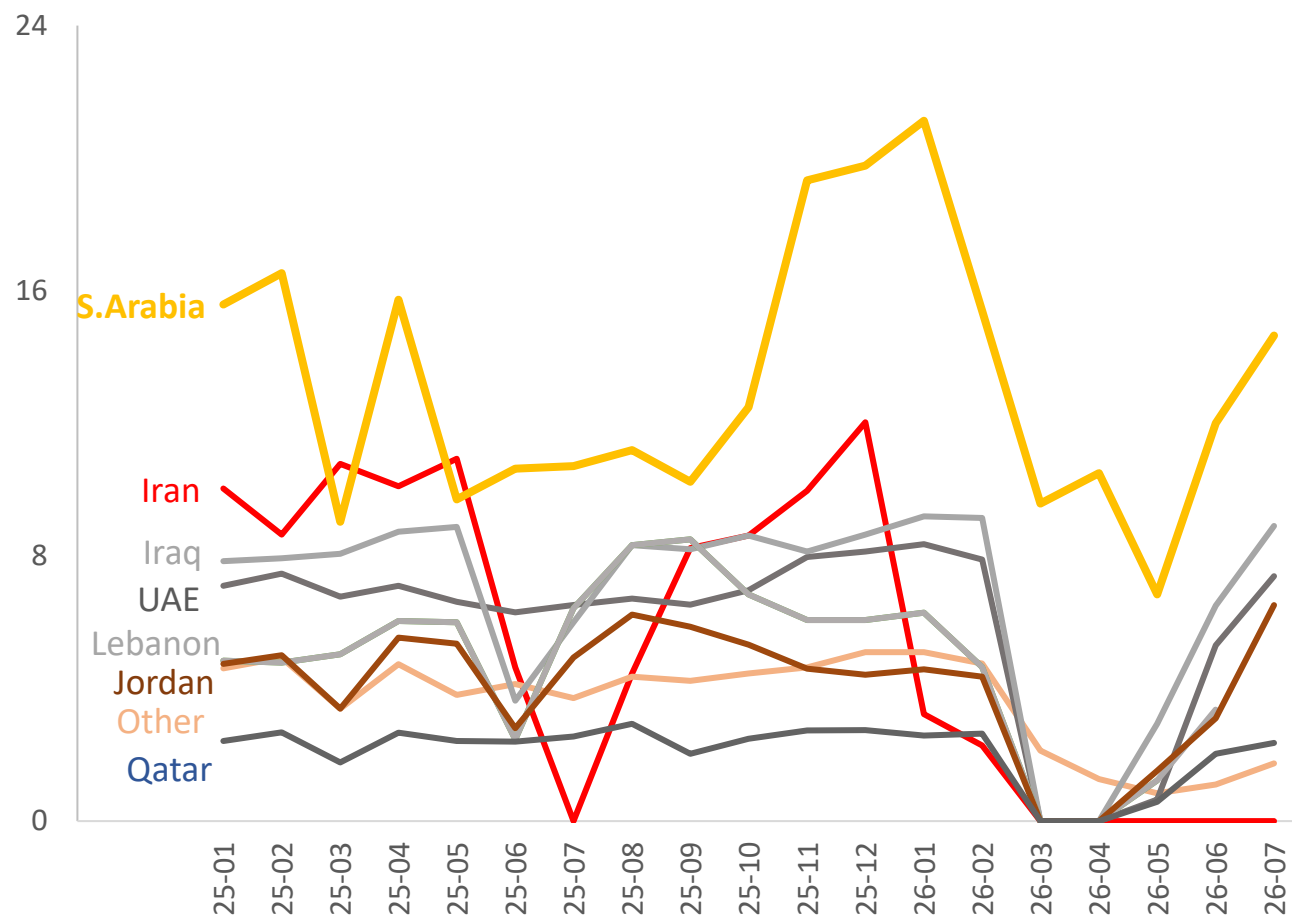

The Middle East conflict has been a key headwind for Türkiye's tourism sector in 2025 and 2026. The adverse impact became particularly evident in 2026 with the foreign visitor arrivals declining by 4% YoY in the February-June period. Total visitor arrivals fell 6% YoY in 2Q26 following a 4% YoY growth in 1Q26.

OPERATING ENVIRONMENT

M.East destinations: Avg. number of daily cycles operated

- In 2025, Pegasus operated flights to 10 countries in the Middle East: Lebanon, Iraq, Iran, the UAE, Qatar, Kuwait, Bahrain, Saudi Arabia, Jordan, and Oman. **The Middle East accounted for 12% of total ASK and 15% of international ASK in 2025.**
- Flight operations to the Middle East were **largely suspended at the end of February 2026**. The operation **gradually resumed** beginning in the first week of **May 2026** and demonstrated a fast recovery.
- **By July 2026**, our total capacity (on a like-for-like basis) in the Middle East was operating at **18% above the prior-year level**.
- In 2Q26, Pegasus launched a **new route** in the region to **Aleppo, Syria**, with flights commencing on 9 June 2026.

SUSTAINABILITY (ESG) UPDATE

Moving towards a
cleaner
future

We continue to focus on our emissions intensity performance towards our 2030 target of reducing emission intensity by 20% (to 52.1) compared (65.1) to 2019. Our [performance](#) of **57.6 grCO2/RPK in the first seven months of 2026** was negatively impacted by the challenges caused by the Middle East War in March and May, but showed significant improvement in June and July.

Our [Sustainability Working Group](#) that was formed in 2022, continues its efforts to support our long-term sustainability goals. We conducted several workshops in this quarter and produced a portfolio of prioritized projects with **high business impact** and **high implementation potential**, that will support our targets on **emission abatement, energy strategy and transformation, customer and stakeholder engagement in the value chain** and **innovation**. Ideas generated at the Working Group level are regularly integrated into our sustainability roadmap.

Moving towards an
equal and harmonious
future

We [published](#) our first annual report on our **United Nations Global Compact** commitment of «**Forward Faster 2030 for Gender Equality**». This report, which was published simultaneously with our 2026 UN Global Compact Communication on Progress provides information on our practices and performance regarding «Women's Leadership in the Workplace» and «Equal Pay for Work of Equal Value».

Moving towards a
better
future **together**

We had concluded 2025 with the highest Corporate Governance Compliance Rating at the BIST Corporate Governance Index. Our [2026 Rating](#) followed its increasing trend and resulted in an increased compliance score of **98.4%**.

We [redesigned](#) our **Investor Relations Website** with a brand-new home page interface and a new site structure. With the newest changes, we aim to help stakeholders access needed content more easily and in a faster manner, and to increase visibility and accessibility of our work on sustainability that has gained importance as part of our operations.
